## **SOUNDINGS**

*January-February 2020*

### ***Commander Message***

*By David J. Hawthorne*

I'll start out by hoping everyone had a safe and happy Holiday Season.

Our next scheduled Bridge meeting is in a couple of weeks and I'm sure we'll have stories to share of our festivities as well as the usual business at hand. The nominating committee will be in action getting things lined up for our next Change of Watch for April 2020. Still plenty of time for decisions to be made, now is the time to volunteer. One of the e-mails I received from our D2 Commander mentions some of the future District meetings will be conducted by tele-conferencing. District meetings by telephone makes perfect sense in our area due to unfavorable weather and travel conditions during the winter months. Meetings must be scheduled well in advance for planning purposes but who can know what travel conditions might exist on those dates? Telephone conferencing solves the problem quite nicely!

Looking to spring, the Squadron has received our batch of Vessel Safety Inspection decals from National already so we're all set, in that regard, for our next boating season! Remember to contact Armand to arrange your VSC inspection.

Before I close I'd like to wish well and speedy recovery to P/C Armand Canestraro who has been recovering from his second knee replacement surgery. Recovery is never as fast as we would like but we hope everything improves without a hitch! (You weren't going skiing anyways, right?)

Please consider volunteering to assure we continue with the tradition of boating fun and education. Please call me if there is any interest. Although several months away, Spring is on the horizon - stay warm and safe! Each day brings us closer to our next season. Happy New Years!

If you would like free passes and are available to help man the Multi-Squadron booth, please contact Robert Terry at 518-649-6190. Show information is available at <http://www.thegreatupstateboatshow.com/>

### **New Years Day Lake George Polar Plunge**

Let's be honest - the water in Lake George is cold in the summer months, but not as cold as it is on New Year's Day when it is really, really cold. Some swimmers were surprisingly hardy on the afternoon of January 1st, making it all the way to the sheriff's deputies in yellow cold-water suits who stood in shoulder-deep water. They gave out high-fives and kept a close lookout for anyone who fell into the water. The air temperature was reported at 35 degrees, and the water was about 36 degrees, organizers said. About 800 swimmers signed up for the event. The \$10 registration fee benefited the Springfield Shriners Hospital's Acute Pediatric Rehabilitation Program and the local fire department. There were no LGPS Squadron member sightings!
